1.2 BACKGROUND OF THE SCHEME

Keeping in view the importance of agriculture sector in the economy, the government has launched Prime Minister's National Agriculture Emergency Program. Objective of the program is to increase agriculture productivity significantly over the next five years to turn around the sector. Under the umbrella of this program “National Oilseed Enhancement Program NOEP” is launched with an ambition to gain self-sufficiency in oilseed production.

Our country’s total annual edible oil consumption stands at 4.268 MMT (Million Metric Ton) out of which 3.735 MMT is imported while local production stands at 0.533 MMT. It clearly indicates that we only produce 12% of our total edible oil requirements through domestic production and bridge humongous deficit of remaining 88% by import. Import bill of edible oils during 2017-18 touched US\$ 3.6 billion (Rs.395.513 billion) which is destined to further increase if this sector is ignored continuously.

Keeping in view the above situation, there is a strong need to enhance production of major oilseed crops to reduce the huge burden of edible oil import bill.

Sunflower, Canola and Sesame crops have good potential for maintaining food security and import substitution if farmers are given incentives to make these comparable with major crops.

Government of Punjab in collaboration with Federal Government will give direct Subsidies through E-voucher system-. This direct subsidy will be provided on the purchase of certified & Hybrid Oilseed from dealers of pre-qualified Suppliers.

1.3 SCOPE OF ASSIGNMENT

Importer/Manufacturer/Suppliers/Distributor provide following services in Punjab:

Service Name	Description
